SUMMIT SURFACE PARTNERS

Surface Safety • Preservation • Protection

(406) 309-SEAL
Flathead Valley, Montana
Kodey Van Horn

COMPANY OVERVIEW

Summit Surface Partners provides sealcoat supply and professional pavement field services. Delivery and field-service availability depend on product, route, schedule, project scope, and current capacity. Snow removal and brine are available on a limited, case-by-case basis for 2026-27. Contact us to schedule.

CORE SERVICES

- **Sealcoat Manufacturing & Wholesale Supply**
  Premium, consistent product quality with local production and dependable delivery to contractors and resellers.
- **Sealcoat Application & Crack Sealing**
  Professional crews providing clean execution, extending pavement life and reducing capital expenditure surprises.
- **Dry Ice Blasting**
  Non-abrasive, low-residue cleaning for industrial and commercial facilities, minimizing downtime and protecting equipment.
